

Dear Sir/Madam,

REF: REQUEST FOR ASSISTANCE

I'm writing to request for assistance in Secondary school. I am a fourteen years old boy and an orphan who is sitting for K.C.P.E exam this year 2011. I live in Kiambogo village with my grandmother. I live in Mr. Chege's farm. I became an orphan after the death of my parents. I am the 2nd borne of the family of three. Oridah Ademo, Allan Abuguza and I. We were all left under the care of our aged grandmother. She is the one who provide for our food, clothing and everything else we need.

She is not very fortunate as she has no land for her own. We live in a rented house where we have to squeeze to fit in. She works in the farms to earn our living. She also pays school fees for my sister who is in form three in Mdo Secondary school.

Sometimes she is unable to pay fees for her which leads to absentism and engagement of bad activities like washing other people's cloths to get money.

My brother who is too young to live with us due to this fact, he live in Narok with my uncle.

I am working very hard to achieve 400 marks

and above in K.C.P.E. The last two exams I had 408, 405 marks respectively. This makes me to aim even higher.

My goal which is of being a doctor makes me put even more effort. I'm also aiming to go to Alliance High School.

My request is that you please help me to pay my secondary school fees and I promise to utilize every opportunity given to me wisely. I will be grateful if you consider my case. May almighty God bless you as you prepare to assist me and may He bless the work of your hands. Thanks in advance

Yours faithfully

Daniel
