

Dear sir/madam.

REF: ASSISTANCE IN SEC SCH FEES PAYMENT

I am a class eight pupil at kambala primary school. I humbly request for your assistance in my education. I am a single parented child. I also have two sisters and one brother. My sister learnt at Njenga karume secondary school.

My parent was unable to pay school fees for her. Because of that she was helped by the use of barsalier. She didn't pass well her Kenya certificate of secondary Education. This was because; being sometimes sent home for even eight weeks. I really don't like passing through the same difficulties.

My brother also learnt at Njenga karume secondary school. He didn't complete his studies. This was because of lack of school fees. I also have a sibling. She is at class one at kambala primary school. She likes reaching upto university according to her career.

My mother has a small business - she sells things like; tomatoes, onions and vegetables.

She is the breadwinner because of our father's absence, at this time. My mother tells us that our father is alive, but he is nowhere to be found. In short they are separate.

Sometimes my mother lacks capital. She would go and look for little jobs, so that we would have something to eat. This job is like washing other people's clothes for payment. She tells me, even if my siblings have no businesses, I can succeed in my life.

I promised myself not to give up until I have got what I want. I will do whatever so as to better my best. I know that working hard brings success.

I hope that you will sympathise with my problems. I humbly need your assistance. Let God bless your work. May He water you with His blessings as He waters His wonderful creations.

Yours faithfully,

Leah

Performance in my exams:

1st term → 302

2nd term → 319

3rd term → 325

I am aiming to get 350 marks.
