Dear sir/madam

REF: ASSISTANCE IN SECONDARY SCHOOL FEE PAYMENT

I hereby request for assistance in secondary school fees. I am a boy aged fifteen years and I am sitting for Kenya certificate of Primary Education this year 2012. I come from a family of six members, my mother, my two brothers and two sisters. I am a partial orphan because my father died last year after suffering from a certain illness. My mother is a bed ridden as a T.B victim. Due to that my family have become helpless since we don't have anyone to serve as a breadwinner.

In school I have two siblings: my young sister in standard three and my young brother in standard four. My elder sister is married and my brother dropped out of school due to the problems we have. Erich and every day he looks for odd jobs that he earns a pecuniat. His pecuniat is not adequate to serve us with all basic needs. So, I decided to be sometimes failing to attend at school and look for odd jobs, so that I can give a frantic support to my family. Attending to school depends on how much food we have for that day. Sometimes we get fortunate that wellwishers offers themselves to give out what they are able.

For me I like going to school because I want to make my life better and even be a mentor to

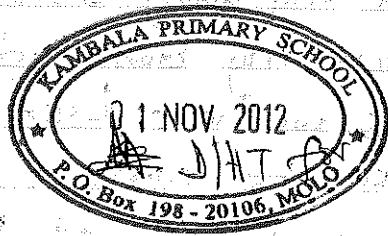

my siblings. I like showing that there is hope in future so that they may work hard for better tomorrow. I will not like them to suffer in future since I know education is the key to life. But despite all this we have encountered I can't despair but instead I keep hope on our Almighty Father.

At school I work hard as I can because I know hard work never goes unrewarded. And really I have seen my consequences of my hard work. The most high marks I have ever scored is four hundred and two. But that is not my maximum because I am still doing and trying my best aiming higher than that. So, I am humbly requesting for assistance in secondary school fees and if you may receive, I will be so glad and grateful carrying on with my education that only gives better tomorrow.

Thanks in advance for your assistance.

Yours faithful,

~~Alex Mwangi~~
