DEAR SIR/MADAM,

REAPPLICATION FOR ASSISTANCE:

I am writing this letter to request for assistance in secondary school fees payment. I am a girl who comes from a poor family sitting for my Kenya Certificate of Primary Education this year 2013. I am about to attain fifteen years in November.

I am the third born in a family of five. I have two brothers and two sisters. The first born is a second year student doing a bachelor of commerce in Taita Taveta University, a sister in Mary Mount Secondary, a brother in standard seven and a sister in class four.

Both my mother and father are casual labourers. The little money they earn they are unable to sustain our food, clothing, education and house-rent. We have no farm to plant so we have to buy food. My parents have tried applying for the Higher Education Loans Board twice but all in vain making it stressful trying to raise money for my brother.

My father has been falling sick every now and then and has to spend a lot of money

On his medication, though difficult for my parents to raise school fees for me in secondary school I am fully determined to work very hard to achieve my goals, mission and vision.

I am humbly requesting for assistance and I promise to utilize every opportunity given to me well. I will be very grateful if you consider me

Yours faithfully
