## NEED FOR SCHOLARSHIP

I need this scholarship my parents they don't have enough fees for my education. In our family we are three children and two parents all they don't have any better job. My father who I can say he have a better job he is payed one ~~hundred~~ hundred Shillings in one week. This payment can not pay fees for three student in two coming years ~~also~~ it cannot pay for my fees in this year coming.

In some weeks my father is not payed and we all need this for special needs, also for food. In our village there is ~~no~~ ~~also~~ low <sup>rainfall</sup> So you can not plant any crop and then say that you sell it for the fees. When you convert the money he payed in one week to one year you find it is not enough for the first term in Secodary School.

I beg this scholarship because as you read ~~my~~ my essay in ~~my~~ family there is no any enough moned to pay fo my education. My goals ~~was~~ to be a lawyer and get a degree for education and another for

When my effort bore fruit, I will help my village to know important of education and also help others ~~children~~ to get educated. I will also help my Country for the ~~economy~~ <sup>economy</sup> on how to use budgets wisely. For this I will build as many schools for education. With faith I know I will get this Scholarship.

yours faithfully

~~Steph~~
