Dear Sir / Madam,

REF: APPLICATION FOR ASSISTANCE IN JOINING SECONDARY SCHOOL.

It's with a humble request that I seek for your assistance in my secondary school fees. I am a boy aged sixteen. I first did my K.C.P.E in twenty twelve and got three hundred and twelve marks. My dad had passed on in April the same year. My mother was just a house wife and depended on my ~~changing~~ Changing Lives, One Child at a time would have gone to a good secondary school but could not go since my elder brother was in form two. He was forced to drop out of school in second and third term of twenty twelve.

I asked my mother to allow me to repeat class seven in twenty thirteen so that by this year we see what God has for us. My brother resumed school in twenty thirteen and repeated form two. Now he is in form three. I am now a candidate and have been working very hard day dreaming that an angel will be sent to rescue me so that I will be able to continue with my education. God says He ~~has~~ good plans for us and I believe He really has.

My follower was Erick Onyango who was epileptic and never went to school due to the situation at home. After the death of my father, he also passed away in twenty th. I have other siblings namely Silpa Akinyi who is two!

old in class five, Irene Atieno ten years old class four and Fredrick Othrambo seven years old in nursery.

My mother is trying very hard to see that we are fed and pays school fees through a lot of hardships. Many of the time is when my brother is sent for fees, but she pays little by little. My brother and I go to work to help our mother earn a living when school is closed or weekends.

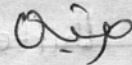

We live in rented houses. Sometimes we fail to pay the house rent on time. The landlord locks the house for us for the work my mother does, does not earn her much. She only get two hundred shillings a day and not everyday.

Lastly, I faithfully seek for your aid. I believe that you will assist me. My performance at school are not bad and that is why I believe that I will attain the marks that you need. In the last exam, I got three hundred and seventy nine marks. I hope to add five marks in every subject and I hope I will score more than of the last exams.

My faith is strong and I think I will achieve my goals.

May the Almighty God bless you and the work of your hands and make it prosper and increase in countless numbers. Thank you.

Yours Sincerely,

Moses Ouma!
