

She even does not ~~live~~ live with us because our house is too small. Our last born is in class seven. He is 12 years old. Most of the times, we are sent home because we don't afford to pay school fees.

My mother has no permanent job. She rents a house at four hundred per month. Whenever she gets work to do (ie) working in people's garden. She is paid two hundred per day which is not regular and therefore sometimes we go on hungry.

Secondly, my mother has a problem with her leg which I have seen since I started understanding things. There are times she cannot do anything when it starts to ache. There are times that we do minor jobs like fetching for people water and we are paid so as to help my mother meet our needs.

And because of these challenges, I am terrified and confused because my dream of becoming a Journalist seems that it will not come true. It seems that class eight is the end of my education. I am working hard. In the last exam I attained three hundred and sixty two marks. I hope to get at least four hundred marks and above so that I can change our family status.

Lastly, I faithfully ask for your aid. I believe that you will assist me. May the Almighty God help you and also the ~~work~~ of your hands and make it prosper and increase in countless number. Thank you.

Yours Sincerely,

Jecinta
