To the sponsor,

Nuru Centre,

Dear Sir/Madam,

RE: SPONSORSHIP TO SECONDARY SCHOOL

I am Amima Richard Ogeri aged sixteen years. I am a candidate at St Mary's Boy Primary School. I am the third born to the family of Miss Kerubo. She is sick, sometimes she runs away from home when she is too serious, mentally.

We are four in our family. Two of us are in school. Dad is Momenyi. He is the first born. He stays at Salaga doing casual work. He is 25 years old. The second born is Samuel Nyabiba aged 22 yrs. Live at Cassino, he drinks a lot and cannot keep me with anything. Fourth born is Brian Ooga who left with my mother and is in std 3 in the same school I am.

I live from a single parent. Headed by a mother. She cannot even do casual work. I live at Cassino. She lives at Kiraranga village. The reason why I am living at Cassino is that she left me there to survive and got married to another man.

It is too difficult to pay fees. Sometimes when I am sent home I stay for a number of days. Looking for money. I am used to waking up early in the morning to look for casual jobs. I struggle until I get the fees.

Not only the fees that is a problem but also food and clothes. On weekend I ensure I look for job so that I can my basic needs.

Sometimes when I don't have food or anything I need, I go to my teachers for help. My parent comes from a poor background that she can not provide for my all basic needs. This is the reason I must work to provide for myself what I need.

I am working hard in primary school education so that I can pass my final examination and join a good secondary school. I also work hard to fulfill my dream. I would like to be an engineer when I finish my studies. I am also willing to help my family from the situation we are going through.

I will be so glad if you assist me in sponsoring me to secondary school.

Yours faithfully

Richard Onger
