Dear Sir/Madam

REF: SPONSORSHIP TO SECONDARY SCHOOL

Nuru Center

Changing Lives, One Child at a time

I am a class eight candidate at St. Mary's Boys Primary school. I live at Casino with my step-grandfather who is a mechanic. He has four daughters and six sons and two wives. He is the one who is taking care of me and my aunt who is in form three at Molo secondary school.

My step-grandfather took me when I was sick. That time I was in class six until now he is the one who is taking care of me. Sometimes I stay at home due to lack of money for school fees.

In my family we are six. My mother, my father who is deaf, my two sisters, me and my only brother. I am the firstborn and also lost two brothers.

Five years ago, my father was a carpenter but ~~lost~~ ^{lost} his first job when he got an accident and was

about to lost his fingers. ~~His fingers~~

My mother does small scale farming which enable her to feed my other siblings. This is not enough due to poor input on the farm. My siblings are suffering from malnutritional diseases like marasmus and kwashiorkor. This had made them to be slow learners.

The environment where I live in Casino is not good. There are many brewers and drunkers who are doing immoral things that a child or a normal person cannot like. The place is like hell.

In the last examination I got three hundred and seventeen marks. I am hoping to get over three hundred and fifty marks. I request to be sponsored so that I can be able to go on with my education and my dream of becoming a broadcaster may become true. I am sure that I will be able to achieve my goals. One day I will live a better life. May almighty God bless you.

Your's faithfulness

~~Shardn~~
