NURU CENTER

U.S.A

Dear Sir/Madam,

My name is Kanyora Lucy Muthoni. I am seventeen years old. I live in 20 Acres in a village called Promised Land Molo. I learn at St. Mary's Mixed Primary School. Molo.

In my family we are eight children and two parents who are very old to do hard work. They get help from my elder brothers and sisters.

Our first born sister is married and is a casual worker. Second born is married and he is also a casual worker. Third born is married and she is a casual worker, but she is separated with her husband because of many family problems. Fourth born is married and he works in a small scale farm as a labourer. Fifth born is married and is a casual worker. Sixth born is married and he works in a hotel as a labourer. Seventh born is married and he works in a small scale farm. Finally I am the last born in our family and also the only one who is schooling. The rest never attended school because my parents were very poor to pay their school fees.

Last year I did my KCPE examination and I did not join Secondary School because my parents were not able to pay my school fees. So, I decided to repeat as I explained every problem I had to the headteacher.

He felt very sorry for all that happened to me and he told me to repeat for the second time and he would not ask anything such as school fees from my parents.

I am humbly requesting for a High School sponsorship since it has been very difficult for my parents to provide for me. If I get a sponsorship, I can work extremely hard so that I ~~can~~ <sup>will</sup> not let you down. Therefore in future I can also help the needy people.

Yours faithfully,

~~LA~~

Kanyara Lucy Muthoni.
