Dear sir/madam.

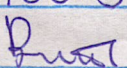

RE: APPLICATION FOR SECONDARY SCHOOL FEES SPONSORSHIP

I wish to apply for the aforementioned from your office. I am thirteen years old. I am in standard eight in kambala primary school. In my studies I am a hardworking candidate in school. I am capable of scoring high marks. I am a very hardworking pupil with an outstanding performance.

In my recent examination I scored three hundred and fifty marks. I come from a family of five members including my both parents. My two siblings are in a primary public school. My parents are peasant farmers who rent small pieces of land in the neighbourhood for farming. We live in a double room in one of the rental houses far from school.

Some times we survive for only one meal in a day when my parents return home empty hands. Other times I and my siblings can go to school without food. Sometimes my step father comes home drunkard and starts quarrelling.

Thanking you in advance

Yours faithfully,

Boston Mokaya.
