Dear sir/madam.

REF: ASSISTANCE FOR SECONDARY FEE.

I am a girl aged 14 years. I am a candidate in Kambala primary school. I usually do well in school. I score 300 marks and above. I do hereby humbly request for your assistance in enabling me with my secondary education. Given a chance I will work harder to pursue in my society. I would like to become a lawyer in order to assist my family in meeting their needs.

I live with my grandmother, mother and my sibling. We live in a single roomed house which is rental. We are only two children in our family. I am from a single parent family. My father died when I was nine years old. My mother is a casual labourer.

Sometimes we go without food so we go to look for some assistance from the neighbourhood. Sometimes even getting money to buy us clothes becomes hard. I hope and trust that you will assist me. Thank you in advance.

Yours faithfully,  
Emmale.

Emmaculate Gwadeya.
