Dear Sir/Madam,

RE: ASSISTANCE FOR SECONDARY SCHOOL SCHOLARSHIP

I wish to apply for the aforementioned assistance from your office. I am a hardworking pupil in school. In our mock examinations which we did recently I had an outstanding performance. I scored four hundred marks. I come from a single parent family and that is my mother. I am fourteen years old and I am in standard eight waiting to sit for my K.C.P.E examination late this year.

I come from a family of two siblings. That is me and my younger brother who is still very young and has not started school. My parent is a peasant farmer who rent pieces of land in the neighbourhood to do farming in order to feed us.

We live in a single roomed house in one of the rental houses a few metres away from the school. Sometimes we can survive on one meal when my parent returns home empty handed due to lack of cash or even go to school without breakfast. I therefore tender in my application for your favoured consideration.

Thanks in advance.

Yours Faithfully,  
  
Cindy Wanjiru.
