RE: APPLICATION FOR SECONDARY SCHOOL SPONSORSHIP

I wish to apply for the aforementioned assistance in your office. I am fourteen years old, and I am in class eight at Kambala primary school. Soon I will be sitting for my K.C.P.E Examination. I am a hardworking and a well behaved pupil. Just to mention, in the recent mock examination I managed to score 380 marks.

I come from a family of four children. I have both parents. We are three girls and a boy. My sister left school in form three, my brother finished school and yet he has no job. My parents are peasant farmers but they don't have a piece of land for farming. They go in the morning to work in nearby farms so that we can have something to eat for the afternoon.

We live in a double house which they have rented for us. Sometimes we eat once or twice a day for lack of enough food but we survive. Sometimes my parents lack money and so we sleep hungry. I therefore tender my application for your favoured consideration.

Thanking you in advance

Yours faithfully

SABINA WANJIKU
