Dear sir/Madam

My name is John Chaga, I learn at St. Mary's Mixed Primary School. I am 16 yrs old. I am in class eight. We live in Molo, Huruma area in Mungu village. My siblings also learn in the same school. I am the first born child in our home.

I am a total orphan. My parents passed on hence leaving us for nobody to take care of us. My father passed on in the year 2012 and my mother just last year 2014 leaving three boys and a girl.

We were taken in by our aunt. She is trying both and nail to provide basic needs though she is very old. She tries to do casual labour when available. Sometime she is not able to work due to backache.

My guardian has grown up children who have already married. My aunt works hard to pay rent. Sometimes she's not able to pay rent and the landlord closes the house and my aunt begs for money from well wishers.

Last year I did my exams. I got 316 and I did not have school fees to join on. I hope to work extremely very hard to get 380 marks and above. I was about to give up.

I am kindly requesting for sponsorship

from Nuru Centre. I will make sure that I have
worked extremely hard so that in future to come I will
be able to take care of myself. I will be able to help
my siblings - I will also like to help other needy
children.

I will also pray to God and work hard to
attain my expected marks. I hope you will consider
my request

Your faithfully,

~~John~~
